

MOVE

STUDENT CONFERENCE

Budgeting Guide

As a leader of a youth group, we know you have to wear many hats, especially when it comes to events. Not only do you have to be great at relating to kids, but you have to be a communication expert, social media guru, budgeting maestro, travel agent, and on top of all that, make sure their parents know what's going on. We hope this guide helps you plan your budget.

Ticket Prices

Check website for most up to date deadlines and prices: <https://moveconference.com/>

We offer a few types of tickets based on season tickets, and more. The Move Conference ticket covers two days in Wild Adventures and your ticket to Move Conference.

Pre-purchased Meal Packages

\$40 for 2 Buffet Meals and an unlimited drink souvenir cup.

Day 1 Dinner: grilled hamburgers with toppings, hot dogs, baked beans, potato salad and ice cream.

Day 2 Lunch: chicken tenders, hot dogs, potato chips and ice cream.

Guests will get a souvenir cup that will not only provide them with free drinks during this event but \$0.99 refills for all of next year. This \$40 price is subsidized by Move Conference to make it more affordable to you. If your group prefers to eat together conveniently and quickly, instead of with the crowds in the park or leaving the park, take advantage of this.

To plan travel meals and more, a full schedule can be found at MoveConference.com/schedule

Hotels

We work with hotels and the visitors bureau to make it easy to get the best deals on hotels. We will have a few to choose from that are \$85-\$110/night (before taxes). Keep in mind adults may not want to share beds with other adults and may be willing to pay for their own rooms.

MoveConference.com/hotels

Transportation

Your group will need to provide its own transportation to the venue each day. As a general suggestion, make sure you have your insurance cards for vehicles and drivers a month before the event.

Merchandise

Move Conference will have merch for sale, such as t-shirts, hoodies, hats, and more.

Other Ideas

How much are you charging your leaders?

Are their other expenses being communicated? Many leaders are happy to buy their own meals, it helps them to know in advance.

Does your whole church know the importance of students going to events such as this? Many would be happy to scholarship kids attending conferences.
